

# Rank My Maths

## The Tuition Centre

### Overview

We provide a bespoke package for our A Level Maths students. Some students require A Level maths tuition to learn ahead of the class, others prefer their tutor to recap what they are covering in school as they cover it. Most students prefer their tutor to revise with them, going over topics covered months ago in preparation for an assessment.

Whatever the requirements, our tutors are here to help.

### Available Content (All Exam Boards)

- Year 1 and 2 Pure Mathematics
- Year 1 and 2 Mechanics\* and Statistics

\*Please note that if a student requires Mechanics, they will be assigned two tutors, one for pure and one for applied.

### Resources

- Lessons are on the Rank My Maths online teaching portal  
This is an interactive virtual classroom where students can write freely on an online whiteboard.
- Relevant textbooks

### Assessment

Assessing students is integral to helping them make progress. As such, testing forms a prominent role in the learning cycle at Rank My Maths.

### Fees

A Level £45 per hour

### Reporting

Students will also receive a bi termly report.
